PROFESSIONAL SUMMARY

IT and data-driven professional with hands-on experience across database administration, IT infrastructure management, digital marketing, data analysis, and UX/product design. Proven track record of managing digital systems, supporting e-commerce operations, and coordinating cross-functional teams across the UAE and Bangladesh. Founder of two ventures: a food brand in Bangladesh and a UAE-to-Bangladesh pre-order sourcing brand. Skilled in Figma, Adobe Illustrator, Premiere Pro, and Blender, with additional training in data visualization, data science, cyber security, and web development. Seeking to apply a versatile technical and analytical skill set to a challenging role that supports organizational growth.

CORE SKILLS

- Quantity Surveying, Site Measurements & Cost Estimation
- Database Administration & IT Infrastructure Management
- Digital Marketing & Social Media Management
- Data Analysis, Data Visualization & Data Science
- UX Research, Product Design & User Persona Development
- Full Stack Web Development & Web Design
- Cyber Security & Networking Essentials
- Graphic & Poster Design (Adobe Illustrator, Premiere Pro, Figma, Blender)
- Microsoft PowerPoint & Office Applications

WORK EXPERIENCE

Site Engineer & Accountant (QS & Site Accounts) — Mohd Haroon Paints Contracting
Jul 2025 – Present

- Carry out site measurements and quantity take-offs, and prepare cost estimations for ongoing projects.
- Prepare invoices and maintain basic project accounts, ensuring accurate cost tracking and billing.
- Supervise site works and ensure quality and schedule compliance.
- Coordinate with clients, consultants, and contractors to ensure smooth project delivery.

Executive – IT & Digital Marketing — Al Musthaqeem Foodstuff L.L.C
Jan 2025 – Jul 2025

- Managed the organization's digital presence and IT infrastructure, including website maintenance and e-commerce systems.
- Ran social media marketing campaigns to boost online visibility and sales through technology-driven solutions.

IT Head & Database Administrator — Eshaal Supermarket L.L.C
Oct 2023 – Nov 2024

- Led the organization's IT function, overseeing database systems and day-to-day technical operations.
- Administered databases and IT infrastructure to support smooth retail and business operations.

Analyst – Data Solution & Due Diligence — Service Engine BPO
Jan 2023 – Sep 2023

- Performed data analysis and due diligence checks as part of the Data Solution & Due Diligence department.
- Supported data-driven decision-making through structured research and verification processes.

Merchant Acquisition Specialist — SSLCommerz Limited
Mar 2021 – Dec 2022

- Worked in the Sales & Marketing department, acquiring and onboarding new merchants onto the payment platform.
- Built and maintained relationships with merchant partners to support business growth.

Image Annotator (Level 2) — Quantigo AI
2020 – 2021

- Performed detailed image annotation and labeling to support AI/machine learning model training.
- Maintained accuracy and consistency standards for large-scale annotation projects.

VENTURES & ENTREPRENEURSHIP

Founder — MojaFi (Food Business, Bangladesh) **Ongoing**

- Built a street food brand in Bangladesh aimed at Gen-Z customers, with most food made by hand in-house.
- Developed an Excel costing, pricing and audit tracker, used alongside Loyverse POS sales records.

Founder — Rupritu (Pre-order Sourcing Brand, UAE to Bangladesh) **Ongoing**

- Run a women-focused lifestyle and beauty pre-order service that sources products from UAE stores for delivery in Bangladesh.
- Manage sourcing, customer orders and marketing for the brand.

ADDITIONAL EXPERIENCE: PRODUCT DESIGN & UX

Remote product designer and UX researcher for AgroSAL Limited and KhasFood Cumilla Limited, focusing on product design and user research. Used Figma and Blender for design and poster creation, and leveraged user personas for market analysis to enhance user experience. Designed logos for several social welfare organizations.
